*Germany and the Ottoman Empire, 1914-1918* Ulrich Trumpener, 2015-12-08 Questioning whether the Germans were actually as influential or dominant in the Ottoman empire as most standard works suggest the author attacks the myths surrounding Turkey's role in the war Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Protestant Diplomacy and the Near East Joseph L. Grabill, 1971 *The Russian Origins of the First World War* Sean McMeekin, 2013-05-06 In a major reinterpretation Sean McMeekin rejects the standard notion of the war's beginning as either a Germano Austrian pre-emptive strike or a miscalculation The key to the outbreak of violence he argues lies in St Petersburg Russian statesmen unleashed the war through policy decisions based on imperial ambitions in the Near East

*Facing Armageddon* Hugh Cecil, Peter Liddle, 2003-04-01 Facing Armageddon is the first scholarly work on the 1914-18 War to explore on a world wide basis the real nature of the participants experience Sixty four scholars from all over the globe deliver the fruits of recent research in what civilians and servicemen passed through in the air on the sea and on land United States Policy Toward the Armenian Question and the Armenian Genocide S.

Payaslian, 2005-12-01 This comprehensive analysis of U S policy toward the Armenian Question and the Armenian Genocide focuses on the important role big business played in keeping the United States from playing a more active role in opposing the genocide notwithstanding broad public opinion calling for greater action Business interests feared antagonizing the Turkish leaders by too much of an intervention on behalf of the Armenians It surveys the historical evolution of U S policy

toward the Ottoman Empire since the early nineteenth century and examines the extent to which the missionary community commercial interests and international economic and geopolitical competitions shaped U S policy during the administrations of William McKinley Theodore Roosevelt William Howard Taft and Woodrow Wilson     **European War Collection** Princeton University.
