Germany Turkey Armenia Documentary Atrocities:

Germany, Turkey and Armenia Anonymous, 2015-11-27 This is a contemporary history that documents the Armenian Genocide at the hands of the Ottoman Turks in the early 20th century From the intro The blue book as to the treatment of the Armenians which has recently been issued Miscellaneous No 31 1916 contains a large mass of evidence relating to facts which incredible as they are have been so incontrovertibly established that no doubt as to their existence can possibly be entertained by any reasonable person The greater part of the documents included in the blue book does not however throw much light on the attitude taken by the German public and the German Government with reference to the crimes which have been committed The object of this pamphlet is to bring before the public a collection of documents specially selected for the purpose of throwing light on this subject Some of them are included in the blue book but the documents Nos 1 6 9 10 and 12 have not as yet been published in Great Britain or the United States The two documents printed in the Appendix have no direct bearing on the questions relating to the German attitude But as they came into the possession of the British authorities after the publication of the blue book and are of special interest as giving the impressions of two intelligent Turkish officers 1 it was thought right to include them A perusal of the documents included in this collection must convince the reader of three things 1 that the Germans in Armenia are as full of indignation and as anxious to see a stop put to the methods of extermination applied by the Turkish Government as the most ardent friends of the Armenian cause in this country 2 that owing to the wilful or reckless perversion of the facts in the German press and the German pamphlet literature and owing also to the indifference and credulity of the general German public the true state of things is unknown or ignored by the majority 3 that the German Government could have stopped the outrages if they had desired to do so and that their non interference was not in any way due to ignorance of the true facts **Germany, Turkey and Armenia** ,1917 Germany, Turkey and Armenia ,2016-10-01 Excerpt from Germany Turkey and Armenia A Selection of Documentary Evidence Relating to the Armenian Atrocities From German and Other Sources Being ourselves in a position of greater freedom we can say that this forgetfulness and this want of critical power are not surprising in the German public having regard to the fact that their Government is in close alliance with the perpetrators of the crimes which Bratter and other persons of the same mental and moral calibre try to explain away or justify and which could and would have been prevented long ago if that Government had not disregarded the elementary dictates of humanity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Germany, Turkey, and Armenia*
