**Get Rich with Dividends, 2nd Edition** Marc Lichtenfeld, 2015 2016 Book of the Year award winner by the Institute for Financial Literacy Set it and forget it investing with less risk and higher returns *Get Rich with Dividends* is the bestselling dividend investing book that shows investors how to achieve double digit returns using a time tested conservative strategy Written by a nineteen year veteran of the equity markets this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns so you can accumulate wealth while you focus on the things that matter Using the author s proprietary 10 11 12 system you ll learn how to generate the income you need on a quarterly or even monthly basis You ll discover the keys to identifying stocks that will return twelve percent or more every year and how to structure your investments for greater security and financial well being This method is so easy to use you ll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade Dividends are responsible for 44 percent of the S P 500 s returns over the last eighty years They represent an excellent opportunity today especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow This book describes a framework that allows investors to reap higher returns with a low to no maintenance plan Set up an investment system that requires little to no maintenance Achieve double digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below average growth in share price Market risk is high and interest rates are low making it a perfect time to get started on a more sensible wealth generation strategy With expert guidance toward finding and investing in these unique but conservative and proven stocks *Get Rich with Dividends* is the only book on dividend investing you ll ever need **Summary of Marc Lichtenfeld's Get Rich with Dividends** Everest Media, 2022-05-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The ideas in this book are one of the most important gifts you can give

to yourself or your children If you follow them and teach them to your children it s conceivable that many of your concerns about income in the future will be over 2 The strategies in this book can help you generate income right away even if you aren t able to compound your wealth You can invest in companies that will generate more and more income for you every year and even give yourself and your loved ones an extra cushion 3 The late 1990s saw the rise and fall of many speculative companies with investors getting swept up in the mania The market became a casino where many investors lost money and didn t even get a free ticket for the buffet 4 The principle that investors have forgotten is that they are investing in a business Whether that business is a retail store a steel company or a semiconductor equipment manufacturer these are businesses run by managers with employees customers and equipment

Dividend Investing Rich Shark,2019-10-09 Ready to start building wealth for your family at last Interested in the stock market but you don t know where to get started Dividend investing is a time tested investment strategy that is working It s a simple thing It s strong So anyone can do this even if you don t know anything about the stock market When you own dividend stocks the money works for you whether you re at the workplace or on the beach Imagine how your life would change if you knew that you were on the tested path to wealth It s time to learn how to build secure income sources in the stock market Dividend investment is something anyone can do You can start with just a few dollars and then watch them grow The book includes well proven measures and techniques on how to get started quickly on the dividend investment route and get ready to hit the ground running Dividend Investing is an investment strategy where money is invested in stocks bonds mutual funds which are periodically distributed to invest in either cash or extra shares Over time Dividend Investing has served the investment community very well through a number of lower risk market cycles and has helped investors grow wealth over time There is no better way of achieving financial independence than making more money while investing less This idea has been true for centuries and will continue to be true for years to come What you are doing with the money that you are making is even more important Savvy individuals are opting to invest Learning the different ways of investing is key to ensuring your success in personal finance and retirement Here Is A Preview Of What You ll Learn What Is Dividend Investing What You Need To Get Started What Types Of Companies Pay Dividends Building Your Prospect List Which Dividend Stocks Are The Safest Building Your Dividend Stock Portfolio Where To Open Up A Brokerage Account And Many More Whether you are a graduate a corporate executive an investor or a stay at home mother the knowledge gained from reading this book could set the stage for a financial transformation If You re Ready To Build And Grow A Steady Stream Of Passive Dividend Income Grab Your Copy Of This Book Today

**Make Money with Dividends Investing, with less risk and higher returns** ,2023-12-26 You ll discover the keys to identifying stocks that will return twelve percent or more every year and how to structure your investments for greater security and financial well being This method is so easy to use you ll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade Dividends are responsible for 44 percent of the S

P 500 s returns over the last eighty years They represent an excellent opportunity today especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow This book describes a framework that allows investors to reap higher returns with a low to no maintenance plan Set up an investment system that requires little to no maintenance Achieve double digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below average growth in share price Market risk is high and interest rates are low making it a perfect time to get started on a more sensible wealth generation strategy With expert guidance toward finding and investing in these unique but conservative and proven stocks Get Rich with Dividends is the only book on dividend investing you ll ever need *Make Money With Dividends Investing, With Less Risk And Higher Returns* Jideon F Marques, 2023-12-26 Preface It was a eureka moment I was working on a dividend spreadsheet changing the variables when the size of the numbers I saw surprised me I realized that if my kids money was invested according to the formula I was working with they should never have any financial problems in adulthood no matter what job or career they chose I also recognized that using the same formula my wife and I should never have to worry about income in retirement And last I understood that if my parents invested according to the formula they too should have no worries about income in old age That s when I knew I had to write this book Get Rich with Dividends is for the average investor the investor who is just getting started the investor who is playing catch up the investor who has been burned by the booms and busts of the recent past and the investor who trusted the wrong advisor and ended up paying thousands of dollars for worthless advice This book is for all investors who are serious about creating real wealth for themselves and their families investors who are willing to learn a simple system for making their money work as hard as they do or did It s easy to learn and implement and takes very little free time Importantly it s not a theory It s been proved to work over decades of bull and bear markets And it s designed for investors who have other things they d rather do than spend hours on their portfolios Implement the 10 11 12 System and let stocks and time work their magic All that s required is the occasional check in from you to make sure the companies in your portfolio are still behaving the way you expect them to If they are and you ll learn how to pick companies that are most likely to meet your expectations no further action is necessary As the editor of the Oxford Club s Oxford Income Letter I receive emails every month from investors who are yearning for higher yields Current yields aren t cutting it for many retirees I was inspired to find a strategy that would ensure investors wouldn t be in the same boat in the future as today s income seekers who are taking on too much risk by chasing yield The 10 11 12 System outlined in Get Rich with Dividends will enable investors to achieve yields of at least 11% and possibly much more in the next 10 years all while investing in some of the most conservative stocks in the market These are companies with track records some decades long of taking care of shareholders And if you don t need the income today 12% average annual total returns which crush the stock market average are easily attainable If your money earns 12% per year it will more than triple after 10 years quintuple

after 15 years and grow by well over 10 times after 20 years In other words earning an average of 12% per year for 20 years turns a 100 000 portfolio into nearly 1 4 million And that s with no additional investments What would an extra 1 4 million mean to you in retirement First of all it might spin off enough income that you wouldn t need to touch the principal The money could be used for vacations with your family or a grandchild s college education or it could give you peace of mind that you ll always have the best medical care Perhaps most importantly you ll learn how my 10 11 12 System can still enable you to earn significant yields and double digit returns in flat or down markets Despite the nastiest bear market you ll be sleeping comfortably even smiling once you implement my 10 11 12 System As you make your way through this book you ll learn everything you need to know to become a successful investor It s easy to read and even easier to get started In Chapters 1 and 2 we go over why dividend stocks are the best kind of investment you can make for the long term health of your portfolio Since you don t want to invest in just any old company paying a dividend we discuss the special kind of stocks that you should select and how to find them I don t expect you to simply take my word for the claims I m making so in Chapter 3 I show you how I arrived at the various numbers taking you through examples of how your income and total return can grow every quarter with an example of how the 10 11 12 System still works and even thrives in bear markets In Chapter 4 we look at the big picture and the reason companies pay dividends You ll understand why it s an important factor in determining the health of a business You ll see why certain conservative stocks are your best bet in Chapter 5 There s no reason to take excess risk to achieve your goals when some of the most conservative stocks on the market will achieve better results Chapter 6 discusses some interesting types of stocks you may not be aware of stocks that typically yield more than regular dividend payers In Chapter 7 we lay the foundation for your portfolio and then Chapter 8 is where you ll learn all about the 10 11 12 formula that you ll use to set you and your family up for long term double digit yields and returns In Chapters 9 10 and 11 we go over dividend reinvestment plans options and foreign stocks all ways to turbocharge your returns Chapter 12 is about everyone s favorite subject taxes Even if you use a CPA to do your taxes for you be sure to read Chapter 12 as there is important information that can make your investments much more tax efficient Chapter 13 covers dividend paying cryptocurrencies Some readers may feel that if a cryptocurrency pays a dividend it must be safer than other cryptos I detail where these dividends come from and whether or not they are smart investments And we wrap it all up in the conclusion and set you on your way to a lifetime of market crushing returns and nights of worry free at least about your portfolio sleep The strongest endorsement of the 10 11 12 System that I can make is this I m using it for my investments and for my kids money as well Writing this book has been a labor of love because I know there will be thousands of families who will achieve financial freedom be able to send a kid to college make a down payment on a house and enjoy retirement as a result of following the 10 11 12 System I m glad yours will be one of them
