Getting Funded Chandra S. Mishra, 2014-01-14 *Getting Funded* shows entrepreneurs the tools and framework critical to a venture's success teaching entrepreneurs to develop an investment model as well as refine their business model and strategy

Creating and Sustaining Competitive Advantage Chandra S. Mishra, 2017-06-13 This book develops a unified framework to explain the phenomena of competitive advantage and firm value creation in dynamic environments Through a new strategic value creation theory it explores how a firm can measure and sustain its competitive advantage through management incentives capital market forces organizational culture and structure and social complexity It also considers how management can utilize their resources and capabilities shadow options product market forces customer needs and organizational learning as a means to differentiate them from the competition With an innovative approach to theory and research it will be positioned to inform both scholars and practitioners in management business strategy and

entrepreneurship on the process of competitive and sustainable value creation **Unleashing the Startup Unicorn** Vivek Kale, 2024-01-30 It is well known that high tech startups need to innovate to survive yet the failure rate for innovation is shockingly high Nearly three out of four new products or services i.e. their startups miss their revenue and profit goals or fail entirely It's a misconception that high tech startups fail only because of the failing products or finances The failures could also be because of erroneous choice of technology platforms development teams or methodology or even the project execution Accordingly this book takes a holistic view of a startup's aesthetics that enables it to become attractive for all stakeholders especially investors in all aspects of its operations at all stages of its lifecycle This book Looks at aspects of venture capital financing and what investors look for in a contemporary startup Shows how only an overarching aspiration for a startup to become a Unicorn is sufficient to explain the typical characteristics of legendary Silicon Valley Unicorns like Google Facebook LinkedIn and Twitter Covers major application areas of current future interest namely intelligent systems intelligent assistants wireless sensor networks Internet of Things IoT and blockchain systems Introduces the contemporary skills set in demand for Startups To succinctly cover all aspects of a contemporary startup *Unleashing the Startup Unicorn* is organized to reflect the natural grouping of competencies that are essential for entrepreneurial ventures from conception to successful exit To understand and analyze these competencies the book uses an extended 9S model inspired by the pioneering McKinsey 7S model **Engineering Innovation** Benjamin M. Legum, Amber R. Stiles, Jennifer L.

Vondran, 2019-07-08 *Engineering Innovation* is an overview of the interconnected business and product development techniques needed to nurture the development of raw emerging technologies into commercially viable products This book relates Funding Strategies Business Development and Product Development to one another as an idea is refined to a validated concept iteratively developed into a product then produced for commercialization *Engineering Innovation* also provides an introduction to business strategies and manufacturing techniques on a technical level designed to encourage

passionate clinicians academics engineers and savvy entrepreneurs Offers a comprehensive overview of the process of bringing new technology to market Identifies a variety of technology management skill sets and management tools Explores concept generation in conjunction with intellectual property development for early stage companies Explores Quality and Transfer to Manufacturing *Crowdfunding* Douglas J. Cumming, Sofia A. Johan, 2019-12-05 Crowdfunding Fundamental Cases Facts and Insights presents fundamental knowledge about a maturing economic field Assembling and arranging datasets case analyses and other foundational materials on subjects associated with crowdfunding it systematically comprehensively and authoritatively provides access to a consistent body of crowdfunding research With the crowdfunding industry now consolidated this core reference can serve as the basis for research projects and applied work Acclaim for Crowdfunding This book provides insightful cases and statistics from around the world on how rewards and equity crowdfunding markets work It also includes useful information on marketplace lending It is a great resource for entrepreneurs and investors as well as for policymakers academics and students Craig Asano Founder and CEO National Crowdfunding and Fintech Association Crowdfunding offers detailed analyses of rewards and equity crowdfunding markets using statistical methods and case studies I recommend it for academics practitioners and policymakers who seek a rigorous look at crowdfunding markets around the world Jay Ritter Joseph B Cordell Eminent Scholar Chair Warrington College of Business University of Florida Presents a complete scope of crowdfunding areas in the international landscape Combines economics with international business management law and finance Enables practitioners and researchers to compare regulatory frameworks best practices and market opportunities Includes a freely available website of supplementary pedagogical material **The Routledge Handbook of the Gig Economy** Immanuel Ness, 2022-10-31 Research on the growth of the precarious economy is of significant interest as the economy increasingly becomes dependent on gig work However as platform and automated service work has grown there remains a chasm in understanding the key aspects of digital labour This handbook presents comprehensive theoretical empirical and historical accounts of the political economy of informal work from the late 20th century to the present It examines the rich and varied analysis and critique of the informalisation of work focusing on its most significant theories intellectual traditions and authors It highlights the political social cultural and developmental impact of the deterioration of employment in the Global North and Global South as well as the extreme threat posed to the planet by the growth of contingent work poverty and enduring and increasing inequalities produced and reproduced by the reformation of capitalism in the contemporary age of neoliberal capitalism The period from the 1980s to the present is marked by the expanded extraction of surplus value from workers through the creation of non standard jobs and the restructuring of work A central component of the restructuring of work is the extension of gig employment through the development of algorithmic platforms which direct labourers to perform discrete tasks This is a definitive collection representing the primary reference work contributing to our understanding of the subject The book is

written and presented in a clear manner accessible to scholars and researchers of international political economy labour economics and sociology who are eager for new research examining this phenomenon as well as specialists in the field of labour relations Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Funded by the University of Amsterdam

Social Innovation and Sustainability Transition Geoff Desa, Xiangping Jia, 2022-11-09 This book uses a historical and modern lens to reimagine the role that Extension could potentially play in catalyzing reciprocal co learning relationships between Land Grant Universities and their diverse local constituencies The establishment of statewide extension systems was once seen as a way to ensure that Land Grant Universities would be accessible and responsive to all of a state's residents Extension systems continue to offer a front door to a major public university in almost every county of the United States but they tend to be viewed primarily as a way to translate science or distribute information from the university to the public This book argues for the importance of Extension and shows that we are conceiving of this system too narrowly Only by retelling the stories of the Extension and getting people to see themselves as part of the story can we imagine a different future in which state universities and land grant colleges engage more authentically and equitably in two way relationships with their local constituents in catalyzing reciprocal co learning relationships between Land Grant Universities and their diverse local constituencies Chapter Palatable disruption the politics of plant milk chapter Feeding the melting pot inclusive strategies for the multi ethnic city chapter A carrot isn't a carrot isn't a carrot tracing value in alternative practices of food exchange chapter Virtualizing the good life reworking narratives of agrarianism and the rural idyll in a computer game and chapter Workable utopias for social change through inclusion and empowerment Community supported agriculture CSA in Wales as social innovation are available open access under a Creative Commons Attribution 4.0 International license via link.springer.com
