*Walter and Ingrid Trobisch and the Globalization of Modern, Christian Sexual Ethics* Anneke H. Stasson, 2021-05-13 Walter and Ingrid Trobisch played a major role in shaping a transcultural conversation about love sex gender identity and marriage during the mid twentieth century The Trobisches are most well known for Walter s book *I Loved a Girl* 1962 which he wrote while teaching at Cameroon Christian College Within a decade one million copies of the book were in circulation it was translated into seventy languages and Trobisch had received ten thousand letters from African and American readers of the book asking for relational advice The Trobisches founded an international marriage counseling ministry to answer these letters While the Trobisches held paternalistic attitudes common among western missionaries of their generation their vision of sexuality helped Christians in Africa and the United States to navigate changing sexual norms of the mid twentieth century

**Gender and Family in East Asia** Siumi Maria Tam, Wai Ching Angela Wong, Danning Wang, 2014-02-18 The on going reconfiguration of geo political and economic forces across the globe has created a new institutional and moral environment for East Asian family life and gender dynamics Indeed modernisation in East Asia has brought about increases in women s education levels and participation in the labour force a delay in marriage age lower birth rates and smaller family size And yet despite the process of modernization traditional systems such as Confucianism and patriarchal rules continue to shape gender politics and family relationships in East Asia This book examines gender politics and family culture in East Asia in light of both the overwhelming changes that modernization and globalization have brought to the region and the structural restrictions that women in East Asian societies continue to face in their daily lives Across three sections the contributors to this volume focus on marriage and motherhood religion and family and migration In doing so they reveal how actions and decisions implemented by the state trigger changes in gender and family at the local level the impact of increasing internal

and transnational migration on East Asian culture and how religion interweaves with the state in shaping gender dynamics and daily life within the family With case studies from across the region including South Korea Japan mainland China Taiwan and Hong Kong this book will be of great interest to students and scholars of Asian studies gender studies anthropology sociology and social policy     **Routledge Handbook of Sexuality Studies in East Asia** Mark McLelland, Vera

Mackie, 2014-09-15 This collection brings together cutting edge work by established and emerging scholars focusing on key societies in the East Asian region China Taiwan Hong Kong Japan North and South Korea Mongolia and Vietnam This scope enables the collection to reflect on the nature of the transformations in constructions of sexuality in highly developed developing and emerging societies and economies Both Japan and China have established traditions of sexuality studies reflecting longstanding indigenous understandings of sex as well as more recent developments which interface with Euro American medical and psychological understandings Authors reflect upon the complex colonial and economic interactions and cultural flows which have affected the East Asian region over the last two centuries They trace local flows of ideas instead of defaulting to Euro American paradigms for sexuality studies Through looking at regional and global exchanges of ideas about sexuality this volume adds considerably to our understanding of the East Asian region and contributes to wider discussions of social transformation modernisation and globalisation It will be essential reading in undergraduate and graduate programs in sexuality studies gender studies women s studies and masculinity studies as well as in anthropology sociology history cultural studies area studies and health sciences     *Gender, Sexuality, and Body Politics in Modern Asia*
