Getting Beyond Sobriety Clinical Approaches To Long Term Recovery:

Getting Beyond Sobriety Michael C. Clemmens, 2014-05-22 In this ground breaking book Michael Clemmens offers a new model of treatment for long term recovery which goes beyond the traditional disease paradigm Working from the belief that a fuller life for the recovering addict is grounded on a foundation of abstinence the author explores a self modulation approach which leads to a change in the behavior from within the individual while developing and expanding connection with others *Gestalt Therapy for Addictive and Self-Medicating Behaviors* Philip Brownell, 2011-12-20 Print CourseSmart

Counseling Theories and Techniques for Rehabilitation and Mental Health Professionals, Second Edition Fong Chan, 2015-02-18 The only text about counseling theories and techniques developed specifically for upper level rehabilitation counseling students and practitioners this book is now fully updated with a focus on evidence based practice It reflects the great strides made in incorporating research based knowledge into counseling therapy interventions since the first edition s publication nearly 10 years ago The book disseminates the expertise of many of the most esteemed leaders and academic scholars in rehabilitation counseling These authors emphasize state of the art scientific evidence that supports the effectiveness of various counseling approaches and techniques for people with and without disabilities **Counseling**

Theories and Techniques for Rehabilitation Health Professionals Fong Chan, 2004-02-17 This text provides a state of the art treatment of the dominant theories and techniques of counseling and psychotherapy from a rehabilitation perspective Written by recognized experts in their content areas the book focuses on several knowledge domains underlying the practice of counseling in rehabilitation settings These domains are presented within the framework of the major theoretical approaches to counseling and applications are explained as they relate specifically to people with disabilities Case examples are used throughout the text Basic techniques and selected professional issues related to practice are also presented This collection will be useful for practitioners as well as for upper level undergraduates and graduate students in rehabilitation counseling psychology and other rehabilitation health care disciplines such as nursing occupational therapy and physical therapy **Gestalt Therapy Around the World** Eleanor O'Leary, 2013-04-01 The first internationally focused book on

gestalt therapy to provide a comprehensive overview of current practice around the world Features coverage of the history training theoretical contributions and research initiatives relating to gestalt therapy in seventeen countries Points to future directions and challenges Includes extensive information on worldwide gestalt associations institutes and professional societies that promote the development of the approach Adult Psychopathology, Second Edition Francis J. Turner, 1999-09-02 Each chapter is written by the leading social work authority on that subject and includes practical in depth discussion of state of the art technologies treatments and research **BOOK JACKET** **Cocreating the Field** Deborah Ullman, 2009 Cocreating the Field is about developing a radically new story to shift our perception of who we are as humans from a focus on our separate individual natures to our complex interconnectedness The core Gestalt model offers a

theoretical and pragmatic frame for addressing urgent concerns in a wide range of crucial arenas Topics include the new relational neuroscience and how it interfaces with Gestalt's assumptions about healthy human process how one therapist is working with children in Dharamsala India and Capetown South Africa to help them digitally tell their stories in support of resilience how transformational thinking brings pro social and for some spiritual questing into focus and how Gestalt trained practitioners therapists coaches and consultants can become citizen practitioners in a troubled world Going beyond the original Esalen Institute study conference on the Evolution of Gestalt Cocreating the Field offers guidance for moving forward effectively and joyously as awakened interdependent participants in these stressful times **American Book**
