## **Exporting Democracy The Risks And Rewards Of Pursuing A Good Idea:**

The New Democracy Wars Neil A. Burron, 2016-03-03 Burron provides a critical analysis of Canadian and US democracy promotion in the Americas He concentrates on Haiti Peru and Bolivia in particular but situates them within a larger analysis of Canadian and US foreign policy bilateral and regional in the areas of trade investment diplomacy security and for the United States the war on drugs His main argument is that democracy promotion is typically formulated to advance commercial geopolitical and security objectives that conflict with a genuine commitment to democratic development Given this broad scope the book is well positioned to contribute to a number of debates in comparative Latin American politics and international political economy IPE with a focus on North South relations in the hemisphere

**Russian Westernizers and Change in International Relations** Andrei P. Tsygankov, 2024-06-07 Russian Westernizers and Change in International Relations summarizes the Westernizing trend in Russian thought from the early nineteenth century to the present day This book looks at Russian thinkers and politicians who have considered Western European civilization to be superior to others and who have drawn the conclusion that Russia consequently ought to align itself with the West rather than preserving certain traditional Russian values and that not doing so is an impediment to political social and economic evolution Within this trend of thought the author identifies four schools Christian Westernizers Economic Liberals Political Liberals and Social State Supporters and explores examples of each The author compares Russian thinkers from different periods finding contrasts and similarities within their political and historical settings and assessing their responses to their unique circumstances He analyzes Russian Westernizers self definition and ideas of national freedom relative to those of Western nations exploring how the West s definition of values and institutions has changed over time He shows how Western historical developments affected waves of Westernization and pro Western thinking inside Russia arguing the importance of this being grounded in national state building priorities The growing complexity of global relations the declining global influence of the West and the war in Ukraine present Russian Westernizers with new questions and challenges and this book assesses the resulting implications This book will appeal to students and scholars of Russian foreign policy Russia West relations IR theory diplomatic studies political science and European history including the history of ideas

The Forum of Federations Handbook of Federal Countries 2020 Ann Griffiths, Rupak Chattopadhyay, John Light, Carl Stieren, 2020-10-24 Federal models of government have shaped history and demonstrated how diverse people can live together and govern together in relative harmony The Forum of Federations Handbook of Federal Countries 2020 builds on the previous 2005 edition and offers a much needed update to this signature resource in comparative federalism Outlining every federal country in the world each chapter provides a brief yet comprehensive overview of the history of federalism in its specific country the constitutional nature of federalism and recent historical dynamics As new countries have joined the Federal ranks this handbook brings readers up to speed offering an authoritative look at both the older federal countries as well as

new federal countries like Nepal The Forum of Federations Handbook of Federal Countries 2020 is an essential resource for academics researchers university students libraries history and governance teachers politicians and civil servants and casual observers of federalism

**Off and Running** David Zussman,2013-01-01 One of the most pivotal events in the electoral cycle is the transition of a newly elected political party from opposition to government The incoming prime minister or premier must assemble a team of ministers advisors and staff that is competent and ready to govern without disrupting the day to day functioning of their country or province Off and Running sets the stage for successful transitions by describing the best practices from Canadian federal government transitions from 1984 to the present day It draws on a number of sources the author s own career in public affairs including his significant role in the transitions of both Chr tien governments in 1993 and 1997 extensive interviews with more than forty key individuals in the last eleven federal government transitions and the international literature on government transitions public administration and management Zussman goes step by step through the transition process from the pre election stage to transition planning all the way to implementation and consolidation of the new government This book is ideally suited to those seeking an understanding of how government works during one of the most crucial points in its life cycle

*The Limits of Alignment* John D. Ciorciari,2010-08-16 The Limits of Alignment is an engaging and accessible study that explores how small states and middle powers of Southeast Asia ensure their security in a world where they are overshadowed by greater powers John D Ciorciari challenges a central concept in international relations theory that states respond to insecurity by either balancing against their principal foes bandwagoning with them or declaring themselves neutral Instead he shows that developing countries prefer limited alignments that steer between strict neutrality and formal alliances to obtain the fruits of security cooperation without the perils of undue dependency Ciorciari also shows how structural and normative shifts following the end of the Cold War and the advent of U S primacy have increased the prevalence of limited alignments in the developing world and that these can often place constraints on U S foreign policy Finally he discusses how limited alignments in the developing world may affect the future course of international security as China and other rising powers gather
