with this compilation of primary sources and analysis **Civil War Chicago** Theodore J. Karamanski, Eileen M. McMahon, 2014-07-01 The American Civil War was a crucial event in the development of Chicago as the metropolis of the heartland Not only did Chicagoans play an important role in the politics of the conflict encouraging emancipation and promoting a hard war policy against Southern civilians but they supported the troops materially through production of military supplies and foodstuffs as well as morally and spiritually through patriotic publications and songs The Civil War transformed Chicago from a mere commercial center to an industrial power as well as the nation's railroad hub and busiest port The war also divided Chicago however between Lincoln supporters and Copperheads whites and blacks workers and owners natives and newcomers The city played a key role in elevating Abraham Lincoln to the Republican presidential nomination in 1860 yet only four years later a Chicago politician's influence was key in declaring the war a failure and promoting a platform of peace with the Confederacy Using seldom seen or newly uncovered sources this book tells the story of the Civil War through the eyes of those who lived that history Photographs throughout the book effectively convey the geography of events in this pivotal period of Chicago's history and the editors have provided a useful driving guide to Civil War sites in and around the city Americans at War James R.
