Explorations In Theology Vol 3 Creator Spirit:

Explorations in Theology, Vol. 3 Hans Urs von Balthasar, 1989-01-01 *Explorations in theology, 3, Creator spirit, vol. 3* Balthasar, 1993 Love Alone Is Credible David L. Schindler, 2008-07-02 In this volume David L Schindler presents readers with a collection of essays garnered from the 2005 conference marking the centenary of Hans Urs von Balthasar's birth That conference hosted an international gathering of scholars among them students colleagues friends and critics of Balthasar all making an effort to engage the fundamental questions of faith and reason in light of his influential contribution to Catholic theology A wide range of topics is explored in light of the Christian mystery including metaphysics and causality the nature of rationality the relationship between God and the world and the meaning of the body Featuring an impressive list of contributors *Love Alone Is Credible* is a tribute to the profound relevance of Balthasar's thought **Word, Sacrament, Charism** Marc Ouellet, 2025-05-05 Cardinal Ouellet offers an ecclesiological key for a better understanding and practice of a Synodal Church He asks what does the future hold for a synodal Church Missionary conversion or confusion Spirits are stirred by the many questions raised by the vast consultation of the people of God gathered under the uncomfortable tent of synodality In our desire for reforms the Cardinal says that we are losing sight of the one perfect model the archetype Mary and that we should keep our gaze constantly fixed on Our Lady in order to know ourselves what the Church the ecclesial spirit ecclesial behaviour really are He states that the main weakness in the synodal process has been the lack of theological reflection which risks leaving the Church at the level of charitable NGOs This book proposes to fill this gap in the hope that the synodal operation will go further than the sociology of changing structures and the distribution of power Hence the elements proposed by Ouellet for a more Trinitarian pneumatological Marian and nuptial ecclesiology to prevent the Church from being divided into ideological struggles that extinguish the flame of mission The boldness of this book is to highlight the charismatic dimension of the Church too long neglected for lack of pneumatology Its revolutionary originality lies in placing the charism on the same footing as the Word and the Sacrament *Love Itself Is Understanding* Matthew A. Rothaus Moser , 2016-11-01 Hans Urs von Balthasar 1905 1988 sets out to reunite Truth and holiness by returning the saints to their proper place at the heart of philosophy theology and metaphysics *Love Itself Is Understanding* is one of the first systematic treatments of Balthasar's theology of the saints Matthew Rothaus Moser presents Balthasar as an alternative to Idealist philosophy a thinker who develops a religious metaphysics in which the saints practices of prayer and contemplation are the chief mode of knowing that the Truth of Being is divine love *Love Itself Is Understanding* casts new light on dominant themes in Balthasar's thought and invites a renewed vision of the theological and metaphysical significance of the spiritual practices of prayer obedience and charity *Solidarity with the World* Carolyn A. Chau, 2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of

two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer

Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin, 2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and evaluation of the Swiss Catholic theologian's complex relation to modern speculative Russian religious philosophy Her constructive analysis proceeds through Balthasar's critical reception of Vladimir Soloviev Nikolai Berdyaev and Sergei Bulgakov with respect to theological aesthetics myth eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism Martin argues that Balthasar's creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention In this respect Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker In her discussion of the relation between tradition and theological speculation Martin also draws upon the understudied relation between Balthasar and F W J Schelling especially as Schelling's form of Idealism was passed down through the Russian thinkers In doing so she persuasively recasts Balthasar as an ecumenical creatively anti nostalgic theologian hospitable to the richness of contributions from extra magisterial and non Catholic sources

The Catholicity of Reason D. C. Schindler, 2013-08-11 An original argument for the recovery of a robust notion of reason and truth in response to modern rationalism and postmodern skepticism The Catholicity of Reason explains the grandeur of reason the recollection of which Benedict XVI has presented as one of the primary tasks in Christian engagement with the contemporary world While postmodern thinkers religious and secular alike have generally sought to respond to the hubris of Western thought by humbling our presumptuous claims to knowledge D C Schindler shows in this book that only a robust confidence in reason can allow us to remain genuinely open both to God and to the deep mystery of things Drawing from both contemporary and classical theologians and philosophers Schindler explores the basic philosophical questions concerning truth knowledge and being and proposes a new model for thinking about the relationship between faith and reason The reflections brought together in this book bring forth a dramatic conception of human knowing that both strengthens our trust in reason and opens our mind in faith

T&T Clark Handbook of Theology and the Arts Stephen M. Garrett, Imogen Adkins, 2025-04-24 This volume presents the theology arts conversation from a distinctly

Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God s glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality Hans Urs Von Balthasar's Theological Aesthetics William Thomas Dickens,2003 Critically assessing Balthasar s interpretation of scripture in *The Glory of the Lord A Theological Aesthetics* Dickens demonstrates the extent to which his approach to scripture abides by certain pre modern interpretive conventions **Theo-logic: The Spirit of Truth** Hans Urs von Balthasar,2000 **Nova Et Vetera** ,2006 **Advents of the Spirit** Bradford E. Hinze,D. Lyle Dabney,2001 *Journal of Theological Interpretation* ,2007 **Heart of the World, Center of the Church** David L. Schindler,1996 David Schindler argues for a fresh understanding of the relationship between church and world seeking to avoid the two theological extremes of the liberationist approach and the neo conservative liberal approach that are currently tearing the Church apart **Theo-logic: Truth of God** Hans Urs von Balthasar,2000 **After Forty Years** Fellowship of Catholic Scholars. Convention,2007 After Forty Years deals with the two great Constitutions on the Church *Lumen Gentium* and *Gaudium et Spes* its epochal Constitution on Divine Revelation and hence also on Scripture *Dei Verbum* its Declaration on Religious Liberty *Dignitatis Humanae* and its Decree on Ecumenism *Unitatis Redintegratio* Because of the special interest of a number of the contributors there is a heavy emphasis on the meaning and significance of the anthropology of *Gaudium et Spes* This book however is no superficial survey of the general ideas and thrust of the Second Vatican Council as so many books on the subject turn out to be but it is rather an in depth look at the meaning and import of several of the Council s most important themes and decisions The volume contains a number of outstanding contributors including Jesuit Father William S Kurz of Marquette Sister Mary Timothy Prokes F S E of the Notre Dame Graduate School of Christendom College and New York University s Emeritus Professor of Psychology Dr Paul Vitz now teaching at the new Institute for Psychological Sciences IPS in Northern Virginia Book jacket **Paperbound Books in Print 1995** Reed Reference Publishing,Reference Reed,1995-12 *Forthcoming Books* Rose Arny,2003 The Catholic Periodical and Literature Index ,1994
