## **Eyes Of The Tiger China 1944 1945:**

*Eyes of the Tiger* Arthur Clark, 2015-07-30 A first hand account of a U S military officer s experiences doing photo reconnaissance in China during World War II      **Fallen Tigers** Daniel Jackson, 2021-05-11 Mere months before the attack on Pearl Harbor President Franklin D Roosevelt sent a volunteer group of American airmen to the Far East convinced that supporting Chinese resistance against the continuing Japanese invasion would be crucial to an eventual Allied victory in World War II Within two weeks of that fateful Sunday in December 1941 the American Volunteer Group soon to become known as the legendary Flying Tigers went into action For three and a half years the volunteers and the Army Air Force airmen who followed them fought in dangerous aerial duels over East Asia Audaciously led by master tactician Claire Lee Chennault daring pilots such as David Lee Tex Hill and George B Mac McMillan led their men in desperate combat against enemy air forces and armies despite being outnumbered and outgunned Aviators who fell in combat and survived the crash or bailout faced the terrifying reality of being lost and injured in unfamiliar territory Historian Daniel Jackson himself a combat tested pilot recounts the stories of downed aviators who attempted to evade capture by the Japanese in their bid to return to Allied territory He reveals the heroism of these airmen was equaled and often exceeded by that of the Chinese soldiers and civilians who risked their lives to return them safely to American bases Drawing from thorough archival research and compelling personal narratives from memoirs wartime diaries and dozens of interviews with veterans this vital work offers an important new perspective on the Flying Tigers and the history of World War II in China      **The Tormented Alliance** Zach Fredman, 2022-08-01 After Japan s attack on Pearl Harbor leaders in China and the United States had high hopes of a lasting partnership between the two countries More than 120 000 U S servicemen deployed to China where Chiang Kai shek s government carried out massive programs to provide them with housing food and interpreters But as Zach Fredman uncovers in *The Tormented Alliance* a military alliance with the United States means a military occupation by the United States The first book to draw on archives from all of the areas in China where U S forces deployed during the 1940s it examines the formation evolution and undoing of the alliance between the United States and the Republic of China during World War II and the Chinese Civil War Fredman reveals how each side brought to the alliance expectations that the other side was simply unable to meet resulting in a tormented relationship across all levels of Sino American engagement Entangled in larger struggles over race gender and nation the U S military in China transformed itself into a widely loathed occupation force an aggressive resentful emasculating source of physical danger and compromised sovereignty After Japan s surrender and the spring 1946 withdrawal of Soviet forces from Manchuria the U S occupation became the chief obstacle to consigning foreign imperialism in China irrevocably to the past Chinese leader Chiang Kai shek lost his country in 1949 and the U S military presence contributed to his defeat The occupation of China also cast a long shadow establishing patterns that have followed the U S military elsewhere in Asia up to the present      **United States Air Force and Its Antecedents**
