The Encyclopedia of Hypnotherapy, Stage Hypnosis and Complete Mind Therapy Jonathan Royle, 2013-01-07 Encyclopedia of Hypnotherapy Stage Hypnosis Complete Mind Therapy is arguably the most Comprehensive and easy to understand Step by Step Guide ever published on how to be successful in all areas of Hypnosis NLP With over 500 pages packed with Liquid Gold insider Secrets of Hypnotic Success no stone is left unturned and in short if its worth knowing about Hypnosis or Hypnotism then you will find it within the pages of this explosive and eye opening publication Not only are you taught in a simple easy to understand step by step manner every single ploy technique strategy and approach that you will ever need to become a True Master Hypnotist but also you are taught how to build a successful and profitable business with your new skills The contents will take the novice to Advanced Master Practitioner Level in the shortest time possible whilst also teaching numerous new methods to even the most established and experienced Hypnotist Indeed this is arguably the most truthful book ever published on Hypnotherapy NLP and Stage Hypnosis and will teach you all those usually hidden secrets that all the other trainers either don t know or are just too scared to teach you Forget all the other outdated books on the market full of fluff and impractical techniques within the

pages of this massive Encyclopedia not only will you learn the Real Secrets of Hypnotic Success but also you'll save yourself a fortune on other inferior courses and publications into the process. Check out these few example testimonials about Dr Jonathan Royle's training we have thousands more such as these on file which illustrate why investing into this book will be the best decision you ever make in your Hypnotic Training. I have purchased practically all of Royle's DVD training courses and I can honestly say that I have never been disappointed in either quality of content or volume of information taught. Because of my background in formal education I was originally drawn to studying with a recognized training provider members of the General Hypnotherapy Standards Council GHSC. My training with them was excellent however it was greatly enhanced by Jonathan Royle's material and indeed Royle's material was excellent and far superior to the recognized course. His therapy skills are equal if not greater than the majority of therapists I have met to date and he teaches everything he knows in an open and honest manner. We need people like Royle to raise the profile of Hypnosis and I would recommend his courses to anyone who wants to become a better Hypnotist. Dr WILF ARCHER PhD www.mindskills.co.uk A few years ago I attended a training run by Paul McKenna, Michael Breen and Richard Bandler it was good and I learned a lot but Jonathan Royle's training course makes them seem like old nannies. There is absolutely no time wasting or useless information and Royle's unique manner of teaching makes everything very easy to learn and remember. This course is without doubt money well spent. FRANK LEA www.hypnotherapycoventry.net The course contains much unique material which as far as I know is not taught anywhere else and will certainly make you a better Hypnotist and Therapist especially when presenting any public demonstrations. DAVID BOTSFORD www.stopsmokingsolutions.co.uk Having previously done a more conventional approved NLP course which took many days and cost lots of money I would have said it was impossible to learn NLP in just two days. However after attending Royle's course I can honestly say that this is exactly what he does and he also teaches you what you need to know about clinical Hypnosis and his own approach of Complete Mind Therapy. In short this course is a worthwhile investment. DEZ SELLARS www.complete Mind Therapy.com Indeed many of Royle's Students have stated that this book teaches more of use in the real world of Hypnotherapy and Stage Hypnosis than all of the others on the market put together.
