Leave a Legacy J. Russell Turney, 2017-09-15 In this second volume of the new APTS Press Monograph Series Dr Russ Turney presents a compelling case study of why some missionaries leave the field far too soon Normal attrition occurs because of health problems retirement or the obvious call of God to go elsewhere However Turney notes that far too often missionaries leave due to interpersonal conflicts with their colleagues or nationals problems with authority and other issues that Turney contends could be significantly reduced He then presents an excellent strategy for dealing with these and other issues enabling missionaries to continue in their calling long term and finish well This strategy will help equip not only missionaries and mission leaders from both the West and the Majority World but also pastors and church members who love and support missionaries and who want to learn how to strengthen them better through prayer and action Anyone who shares the warm hearted conviction that missionaries can and
