First Generation College Students Understanding And Improving The Experience From Recruitment To Commencement:

First-Generation College Students Lee Ward, Michael J. Siegel, Zebulun Davenport, 2012-05-25 FIRST GENERATION COLLEGE STUDENTS a concise manageable lucid summary of the best scholarship practices and future oriented thinking about how to effectively recruit educate develop retain and ultimately graduate first generation students from the foreword by JOHN N GARDNER First generation students are frequently marginalized on their campuses treated with benign disregard and placed at a competitive disadvantage because of their invisibility While they include 51% of all undergraduates or approximately 9.3 million students they are less likely than their peers to earn degrees Among students enrolled in two year institutions they are significantly less likely to persist into a second year First Generation College Students offers academic leaders and student affairs professionals a guide for understanding the special challenges and common barriers these students face and provides the necessary strategies for helping them transition through and graduate from their chosen institutions Based in solid research the authors describe best practices and include suggestions and techniques that can help leaders design and implement effective curricula out of class learning experiences and student support services as well as develop strategic plans that address issues sure to arise in the future The authors offer an analysis of first generation student expectations for college life and academics and examine the powerful role cultural capital plays in shaping their experiences and socialization Providing a template for other campuses the book highlights programmatic initiatives at colleges around the country that effectively serve first generation students and create a powerful learning environment for their success First Generation College Students provides a much needed portrait of the cognitive developmental and social factors that affect the college going experiences and retention rates of this growing population of college students

Applying Student Development Theories Holistically Katherine Branch, Jeanne Hart-Steffes, Christine Wilson, 2018-10-12 This book dives into student development theory unpacking key foundational and emergent theories of college student development while providing contemporary examples and application Showcasing a diversity of programs practices and services across a variety of institutional types Applying Student Development Theories Holistically demonstrates how professionals are intertwining the science of theory with the art of practice in multidimensional holistic ways Helping aspiring higher education and student affairs practitioners grasp and use theories holistically this important text brings to life theoretical knowledge to enhance the development and learning of college and university students **The STEM Pathway and Student Retention** Carita Harrell, David G. Capco, 2021-03-11 This work introduces methods that aid in freshman retention in the transition from high school and to remain in the university of origin and orient them towards a successful career in science Specific examples of successful approaches are given as well as detailed plans for how to engage these students Pitfalls as well as success are described In addition this work provides a detailed description of how to

develop the students into a cohort that exhibits comradery Three types of cohort form those within the freshman class those among the upperclassmen and those between the freshmen and upperclassmen The program works because the social reality is that the peer mentor has a better repertoire with the first semester freshmen than the faculty or staff and assists with student success Factors such as financial aid policy and support systems influence student success In the sciences students often struggle with the content and adjusting to the college experience Research states that a mentorship program supports retention as well as enhances the student experience during college This program creates a cohort group among the upperclassmen mentors and freshmen and provides leadership development for all involved

The Wiley Handbook of Gender Equity in Higher Education Nancy S. Niemi, Marcus B. Weaver-Hightower, 2020-12-03 Research into gender equity in higher education inspiring action With this enlightening handbook you can review the thinking of leading researchers on the current intersection of gender and higher education The Wiley Handbook of Gender Equity in Higher Education provides an in depth look at education s complicated relationships with and in some cases inadequate fostering of gender equity The collection offers a bold picture of research into the subject It also projects future paths of exploration inquiry and action for gender equity Focuses specifically on gender and higher education across the globe setting the stage for new explorations Examines gender equity in relation to the STEM fields Considers current male participation in higher education Covers gender segregation by major and the issue of women remaining in lower paying areas The Wiley Handbook of Gender Equity in Higher Education spotlights the continuing and integral role of educational institutions in the struggle for gender equity Policy makers university administrators and researchers can look to this handbook for perspective on recent research as they move forward in the pursuit of more equitable educational environments

Cases on Cross-Cultural Counseling Strategies King, Bonnie C., Stewart, Tiffany A., 2019-08-30 It is essential for counselors and counseling professionals to understand the impact of their personal biases and how these biases can impact the counseling process in addition to respecting and honoring the beliefs of their clients Communication and the sharing of experiences between counsellors is an effective strategy for perfecting methods to identify and address these biases Cases on Cross Cultural Counseling Strategies is a comprehensive research book that explores creative healing approaches used by counselors working with diverse clients in a variety of geographical locations developmental levels and complex and varied identities Each case study applies the Multicultural and Social Justice Counseling Competencies MSJCCs to the counseling relationship and looks at unique aspects of the client s identity specific approaches taken by the counselor and the outcomes of the counseling relationship Featuring a broad range of topics such as higher education international counseling and gender bias in counseling this book is ideal for counselors therapists psychologists counselor educators graduate students practitioners academicians and researchers
