Finding Space Winnicott God And Psychic Reality:

Finding Space Ann Belford Ulanov, 2001-01-01 In *Finding Space* Ann Belford Ulanov argues that depth psychology in general and the work of D W Winnicott in particular offer vital new ways in which to apprehend religious life especially Christian religious life Her inspiration is rooted in Winnicott's influence on her work as an analyst and how his ideas have enriched her own Christian faith and religious understanding In addition Ulanov feels Winnicott's focus on the intensity of aliveness is an antidote to the plight of contemporary religion that it can be passionless or rote and thereby irrelevant to so many people She expands Winnicott's concept of transitional space between self and other to apply to the space between the human and divine She explores the importance of the illusionist element of God images in creative approaches to the divine Other topics include the paradox transitional reality holds with subjective and objective notions Christians have of God the inclusion of the body specifically sexuality and aggression and the struggle for integration within the self in the search for relationship with God and the importance of the feminine In an especially helpful appendix Ulanov includes Winnicott's thoughts on matters pertinent to religious life and thought

Trauma and Transformation at Ground Zero Storm Swain, 2011-08 From personal interviews with chaplains at the temporary mortuary at Ground Zero and her own experiences as an Episcopal priest psychotherapist and chaplain Storm Swain offers a new model of pastoral care grounded in theology and practice Reflecting on experiences of suffering faced in ministry Swain considers what it means to love in these instances and what is involved in ministering in these contexts Within this model caregivers can move from a place of trauma to a place of transformation which enables wholeness and healing for both caregivers and those for whom they care Publisher description

Race, Religion, and Resilience in the Neoliberal Age Cedric C. Johnson, 2016-04-29 This book presents a study of the rise of American neoliberalism in the aftermath of the modern Civil Rights movement paying particular attention to the traumatic impact of the neoliberal age on countless African Americans Author Cedric C Johnson takes a close look at the manner in which American neoliberalism has been able to preserve articulate and exploit constructions of race based

René Girard and Creative Mimesis Vern Neufeld Redekop, Thomas Ryba, 2013-11-21 For half a century Ren Girard s theories of mimetic desire and scapegoating have captivated the imagination of thinkers and doers in many fields as an incisive look into the human condition particularly the roots of violence In a 1993 interview with Rebecca Adams he highlighted the positive dimensions of mimetic phenomena without expanding on what they might be Now two decades later this groundbreaking book systematically explores the positive side of mimetic theory in the context of the multi faceted world of creativity Several authors build on Adams insight that loving mimesis can be understood as desiring the subjectivity of the other particularly when the other may be young or wounded With highly nuanced arguments authors show how mimetic theory can be used to address child and adult development including the growth of consciousness and a capacity to handle complexity Mimetic theory is brought to bear on big questions about creativity in nature evolutionary development originality and religious intrusion into politics

Crossing Thresholds Timothy Carson, Nigel Rooms, Lisa Withrow, Rosemary Fairhurst, 2021-01-01 The human transformation available at the limen literally the edge or threshold noticed across different cultures by anthropologists is at the heart of the Gospel Indeed the liminal place is the place of transformation and change par excellence We live in age of enormous and rapid change to which we do not yet see an end There is therefore a kairos moment here for the church to understand the importance of liminality through this unique book Reading this book will offer new lenses to understand humanity God s world the shape of Christian discipleship the church and its mission differently The authors believe engaging with liminality can help both readers faith and the church to be re imagined and have included case studies exercises and questions in each chapter to help this process

The Healing Power of Spirituality: Religion J. Harold Ellens, 2010

Beyond Fear and Silence Joan Mitchell, 2001-11 The Gospel of Mark ends in a curious way Three women disciples go to the tomb and find it empty save for a young man in a white robe who tells them that Jesus has been raised and they should tell his disciples and Peter He is going before you to Galilee there you will see him as he told you The gospel concludes with

the statement Then they went out and fled from the tomb seized with trembling and bewilderment They said nothing to anyone for they were afraid This downbeat ending was so unsatisfying to some early gospel editors that they added two other conclusions the longer one drawn from Matthew and Luke including post resurrection appearances the commissioning of the eleven apostles and the ascension of Jesus Focusing on the fear and silence of the women in the last verse Joan Mitchell offers a brilliant interpretation and a powerful encouragement to Christian women She uses the feminist hermeneutic developed by Elisabeth Schüssler Fiorenza to deal with the absence or presence of women in the text but she also employs literary methods to provide a convincing and aesthetically satisfying interpretation of the gospel as a whole Although the women in Mark may be few and mostly nameless they play a powerful role in the narrative as indeed they are called upon to do in every generation of the preaching of the gospel *The Psychology of Death in Fantasy and History* Jerry
