Finding Truth Nancy Pearcey, 2015-03-01 Christianity Has the Resources to Address Intellectual and Cultural Issues Do You Christians can feel overwhelmed at the sheer number of competing worldviews in today's pluralistic multicultural society Thankfully you don't have to memorize a different argument to answer every new issue Instead you can master a single line of defense grounded in Scripture that applies to any theory In Romans Paul reveals the strategy for defending the Christian message in a pluralistic culture where many are hearing it for the first time Finding Truth is the real world training manual that equips you to confidently address issues you'll face in the classroom workplace and popular culture *How Science Has Discovered God: Physics, Metaphysics and Beyond* Darrell Hall, 2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith *How Science Has Discovered God Physics Metaphysics and Beyond* is a must read Through meticulous research and analysis Darrell Hall skillfully conveys scientific concepts and theories from the origins of the universe to the origins of life all the while displaying the fingerprints of an intelligent Creator Hall bridges the perceived gap between reason and belief offering compelling scientific philosophical historical and theological arguments for the existence of God *How Science Has Discovered God* is not just another book on the relationship between science and religion It is a quest for the truth about reality and the meaning and purpose of life It engages the reader in a thought provoking exploration of Christian Apologetics revealing the existence of a loving and purposeful Creator Explore with the author why God is the best explanation for the big bang the fine tuning of the universe the mathematical intelligibility of the universe the existence of mind consciousness and free will and much more Unearth the evidence for the claims of Jesus and his resurrection and see how suffering and evil are best explained through a loving God This authoritative and comprehensive study is sure to provide material for thought and inspiration Over two thousand years ago Jesus assured us that God is real that God does care and that everything we do does matter With a willingness to follow where the evidence leads join Darrell Hall in a search for truth Open your mind and heart and listen to the voice of God as He speaks through His Creation and His Son Jesus Christ **Who's Afraid of the Unmoved Mover?** Andrew I. Shephardson, 2019-02-12 Are postmodern philosophy and Christian theology compatible A surprising number of Christian philosophers and theologians think so However these same thinkers argue that postmodern insights entail the rejection of natural theology the ability to discover knowledge about the existence and nature of God in the natural world Postmodernism they claim shows that appealing to nature to demonstrate or infer the existence of God is foolish because these appeals rely on modernity's outmoded grounds for knowledge Moreover natural theology and apologetics are often hindrances to authentic Christian faith Notions like objectivity and rationality are forms of idolatry from which Christians should repent This book carefully examines the nature of truth rationality general revelation and evangelism to show that the postmodern objections fail and that Christians ought to lovingly and faithfully use natural theology and apologetics to defend and commend the Christian

faith to a world in need of the knowledge of God Why Good Thinking Starts with God: Thinking About Thinking Stephen J. Fyson, 2024-09-24 Everyone has their own thoughts and ideas about our origins morality and even spirituality But where do our thoughts begin Why do we think the way that we do And should we rely on our own thoughts to guide us in our daily interactions with one another Stephen J Fyson dives deeper into thinking examining the roots of these questions and pointing the reader to discover why good thinking starts with God In this short look into the history of psychology and the history of some thinking religions Fyson encourages the reader to examine their thoughts a little more closely to find what everyone is searching for Truth **Philosophy, Who Needs It?** Jason D. Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian's walk Evangelical America Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U S politics Readers of Evangelical America An Encyclopedia of Contemporary American Religious Culture will learn the answers to these questions and many more through this single volume work's coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture It also illustrates the Evangelical movement's influence internationally in key issues such as human rights environmentalism and gender and sexuality **The Aging Brain** Timothy R.
