**Hearts of Fire** Tina Herd, 2007 五心火 Nigel Wiseman, Ye Feng, 1998 Provides definition of terms as well as a description of symptoms and their clinical significance. Gives acupuncture and medicinal treatments for virtually every disease and pattern. **A Lamp to Illuminate the Five Stages** Je Tsongkhapa, 2012-11-19 Tsongkhapa's A Lamp to Illuminate the Five Stages 1419 is a comprehensive presentation of the highest yoga class of Buddhist tantra especially the key practices the so called five stages pancakrama of the advanced phase of Guhyasamaja tantra. Beginning with a thorough examination of the Indian sources Tsongkhapa draws particularly from the writings of Nagarjuna, Aryadeva, Candrakirti and Naropa to develop a definitive understanding of the Vajrayana completion stage. Whereas in the generation stage meditators visualize the Buddha in the form of the deity residing in a mandala palace in the completion stage discussed in the present volume meditators transcend ordinary consciousness and actualize the state of a Buddha themselves. Among other things Tsongkhapa's work covers the subtle human physiology of channels and winds along with the process of dying the bardo and rebirth. This definitive statement on Guhyasamaja tantra profoundly affected the course of Buddhist practice in Tibet. 五心火 Nigel Wiseman, Ye Feng, 2002 This book was first published in Taiwan to teach Chinese medical English to Chinese students. The present U.S. edition provides English speaking students a useful introduction to the concepts of Chinese medicine and to the English terminology described in greater detail in A Practical Dictionary of Chinese Medicine Paradigm Publications 1998. It is particularly suitable for those beginning to learn Chinese medicine after having studied Chinese and for those who wish to master the English terminology for the purposes of translation. Over 800 commonly used Chinese terms are organized in thematic order. Each English term is followed by the corresponding Chinese term in simplified and complex characters as well as Pinyin transcription. The pronunciation of the English term is given in Kenyon Knott transcription for the benefit of non-English speakers. The definitions and clinical significance of terms are written entirely in English. At the end of each chapter there are exercises which not only provide activities for students to do in class or at home but also furnish teachers with examples for examination questions. Three appendixes contain answers to the quizzes, present the most important characters with examples of their usage and teach Taiwanese students the PRC Pinyin system.
