Fire Bringer David Clement-Davies, 2002-01-14 A pack of deer face the realization of an ancient prophecy and a struggle between good and evil builds to the very end History of Fire (Elemental Fire #1) Alexia Purdy, 2014-09-05 No one knows the secrets he keeps No one knows of the worlds that exist right alongside ours Benton is human but he walks the line between two worlds the mundane and the supernatural the commonplace and the extraordinary As a rare Fire Elemental Warlock he finds himself in trouble more often than he cares to admit It doesn't help that his sister is a Faery Queen of the Summer Seelie Court This is Benton's story as he makes his way between the mortal world and a world where magic reigns Do you dare follow Do you dare see what lurks just beyond the edge of perception Can be read as a new series starter Elemental Fire You do not have to read the previous books in this series to enjoy this one Books in A Dark Faerie Tale Series world Evangeline Ever Shade Ever Fire Ever Winter The Cursed Ever Wrath History of Fire **Fire** Belle Manuel.2015 Chelsea and Chad are twin elementals humans born with the power to control and shape the elements They and many other elementals are forced to hide their powers as many non elementals fear them especially fire starters like Chelsea The twins are only just learning true command of their powers and what they can do At university Chelsea joins a fire starter training course and trains hard to control the powerful flames that rage within her often out of her control She struggles to prove to herself that she can harness and control both her power and her mind Meanwhile Chad is a water bringer who is honing his rare and deadly ability but has placed himself under the authority of dangerous people who aim to use his powers for their own sinister agenda When the two reunite they are forced to choose sides As tidal waves of power demolish entire cities and bring the storm clouds of destruction to the Houston skyline a war is coming And it s time to find out where allegiances lie Chelsea and Chad's decisions will forever change the world around them so what will they choose Gates of Fire & Earth Autumn M. Birt, 2017-04-12 Fantasia Reviews 2017 Book of the Year NomineeSuccess will destroy elemental magic Failure condemns this world and the next Named Guardian of the Elemental Spheres Lavinia seeks the lost gates to the spirit realm and their ancient guardians But some of the guardians have left their duties and those that have stayed may prove as dangerous as her enemy whose wrath threatens the world To end an ancient punishment inflicted on them by the Goddess for their role in a forgotten war the Ashanti will conquer this world and that of spirit to gain power over death Lavinia must close the gates to stop the Ashanti even though by doing so she risks ending all elemental powers And the act has consequences greater than the ancient guardians imagine But one gate has a new guardian as well as the old and the last

time he saw Lavinia he tried to kill her before she stole his power And he s been seeking revenge Continue this epic fantasy journey begun in book 1 of the Games of Fire trilogy Spark of Defiance Friendships are tested as what is sacrificed is more than some are willing to give Welcome back to the world of Myrrah and meet the Elementals of Fire Earth Water Air and Spirit who shape it Pick up book 2 of the Games of Fire trilogy the Gates of Fire Earth today Q AShould you read the Rise of the Fifth Order trilogy before reading Games of Fire You should definitely read Spark of Defiance book 1 of Games of Fire before reading the Gates of Fire Earth I did my best to lightly explain some of the pertinent events from the first trilogy the Rise of the Fifth Order in this new epic fantasy trilogy Games of Fire so that you could start with Spark of Defiance But a few readers have said they got a lot more depth for having read the Rise of the Fifth Order first They suggest you start there It is certainly a great introduction to the world of Myrrah and the characters by starting with Born of Water which is free to pick up But I won t say you absolutely have to Is Games of Fire a continuation of the Rise of the Fifth Order trilogy The Games of Fire and the Rise of the Fifth Order trilogies are related in that they are set in the same world of Myrrah utilize many of the same characters and are full of elemental magic Games of Fire begins with Spark of Defiance which is set six months after the final book Spirit of Life of the Rise of the Fifth Order trilogy ends New problems have developed so the Games of Fire story line is stand alone trilogy with the same heroes from the first story However a few events that happened in the Rise of the Fifth Order are the cause of the new challenges rising in Games of Fire So the two series are linked but each consists of a different set of adventures and issues to solve I ve only ever heard of four elements but these books have five even though it is based on elemental magic This is true Five elements air earth water fire and spirit is actually an eastern philosophy I wish I could say I invented it Lol The difference really comes with the element of earth Only dead things and soil can be controlled by an Earth Elemental while plants or anything living like the ability to change into another living creature is something that a Spirit Elemental controls Spirit Elementals are also able to control the other four elements at least to some degree Part of the discovery in the Rise of the Fifth Order series is that the ability to control one element might indicate latent gifts in any However it is always difficult to learn to control the element opposing your own So a Water Elemental might learn to control fire but not easily AND a few of the heroes have discovered that if you can learn to control fire earth air and water then no matter what element you are born with you can unlock some of the gifts of spirit
