First Aid Collage 2013:

Disastrous Preaching Jeff Stanfill, 2022-03-10 After one's community has experienced an earthquake a wildfire a tsunami a hurricane a tornado outbreak or any other natural environmental disaster there are differences and challenges to preaching that were not present the Sunday before This book orients preachers to those differences and challenges It contains accessible research from natural disaster experts to give an understanding of how individuals and communities are impacted by a natural disaster Basic biblical building blocks are provided for developing one's own scriptural view of the event and all that follows a disaster It is filled with coaching from pastors that have already preached in the aftermath of a natural environmental disaster making this a very practical resource

Improving Research-Based Knowledge of College Promise Programs Laura W. Perna, Edward J. Smith, 2020-03-20 Also known as free tuition and free college programs college promise programs are an emerging approach for increasing higher education attainment of people in particular places To maximize the effectiveness of their efforts and investments program leaders and policymakers need research based evidence to inform program design implementation and evaluation With the goal of addressing this knowledge need this volume presents a collection of research studies that examine several categories and variations of college promise programs These theoretically grounded empirical investigations use varied data sources and analytic techniques to examine the effects of college promise programs that have different design features and operate in different places Individually and collectively the results of these studies have implications for the design and implementation of promise programs if these programs are to create meaningful improvements in attainment for people from underserved groups The authors efforts also provide a useful foundation for the next generation of college promise research

Public Policy Michael E. Kraft, Scott R. Furlong, 2017-04-28 In Public Policy Politics Analysis and Alternatives students come to understand how and why policy analysis is used to assess policy alternatives To encourage critical and creative thinking on issues ranging from the federal deficit to health care reform to climate change authors Michael Kraft and Scott Furlong introduce and fully integrate an evaluative approach to policy The Sixth Edition of Public Policy offers a fully revised concise review of institutions policy actors and major theoretical models as well as a discussion of the nature of policy analysis and its practice Both the exposition and data have been updated to reflect major policy controversies and developments through the end of 2016 including new priorities of the Donald Trump administration

Global Migration and Christian Faith M. Daniel Carroll R., Vincent E. Bacote, 2021-12-29 Human history is the history of migration Never before however have the numbers of people on the move been so large nor the movement as global as it is today How should Christians respond biblically theologically and missiologically to the myriad of daunting challenges triggered by this new worldwide reality This volume brings together significant scholars from a variety of fields to offer fresh insights into how to engage migration What makes this book especially unique is that the authors come from across Christian traditions and from different backgrounds and experiences

each of whom makes an important contribution to current debates How has the Christian church responded to migration in the past How might the Bible orient our thinking What new insights about God and faith surface with migration and what new demands are placed now upon God's people in a world in so much need Global Migration and Christian Faith points in the right direction to grapple with those questions and move forward in constructive ways Liberal Arts Education and Colleges in East Asia Insung Jung, Mikiko Nishimura, Toshiaki Sasao, 2016-03-09 This book discusses liberal arts education and liberal arts colleges in the context of East Asia specifically focusing on Japan China and S Korea where it has become an emerging issue in higher education in recent years It first explores the development concepts and challenges of liberal arts education and liberal arts colleges in East Asia It then delineates the implications of the best practices of selected liberal arts colleges inside and outside East Asia and offers policy and pedagogical guidelines for the future of liberal arts colleges and programs in East Asia and beyond **Diversity and Inclusion on Campus** Rachele Winkle-Wagner, Angela M.
