 Square* Alexander J. Reichl,1999 When the big ball drops on New Year s Eve thousands are there to witness that great  
 glittering sight while millions more watch on national television Times Square may be the cultural hub of America the  
 Crossroads of the World but its lights have not always shone as brightly as they do now Once a glamorous theater district  
 Times Square and 42nd Street had degenerated into a neighborhood known for the winos and sex shops of Midnight Cowboy  
 until New York s business and arts communities stepped in These advocates of urban revitalization exploited cultural and  
 historic preservation arguments to transform a low income entertainment district into a Disney fied tourist mecca Where  
 Ratso Rizzo once kicked cars and hookers plied their trade Mickey Mouse now greets visitors from atop a Disney superstore  
 surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support  
 Alexander Reichl tells the fascinating story of how cultural politics and economic greed transformed the city s physical and  
 social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban  
 decline to one of urban renaissance He explains the political significance of the historic preservation and arts related  
 approach to urban revitalization showing how it was used to appeal to the upscale values of middle class New Yorkers often  
 hostile to urban renewal He also examines the role of the Walt Disney Company in the project and demonstrates its power to  
 redefine a premier public space In telling the story of Times Square Reichl reveals much about politics and power at the city  
 level and their relationship to the development of urban space He frames his lively narrative with an illuminating account of  
 how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as  
 the dominant approach to urban development and he shows the importance of political discourse and cultural politics in  
 mobilizing public support for urban redevelopment Now that it has been reconfigured for the 21st century Times Square  
 provides a rich and multifaceted case for exploring the latest trends in urban renewal Yet Reichl suggests much that has  
 happened here is regrettable the ousting of low income citizens to serve commercial interests the loss of a culturally diverse  
 entertainment district and the failure to address persistent class and race based segregation in a central urban area By  
 getting to the heart of the Great White Way *Reconstructing Times Square* provides an important look at urban renewal and
