Getting Value Out Of Value Added Report Of A Workshop:

Postcards from the Schoolhouse: Practitioner Scholars Examine Contemporary Issues in Instructional Leadership

Kimberly Kappler Hewitt, Elizabeth Hodge, Cherese Childers-McKee, Rhonda Schuhler, 2013-01-01 There is a sense of urgency that surrounds the imperative to provide all children a quality education and instructional leaders have an ethical responsibility to meet this obligation This book explores the role of leadership as it relates to the elements of curriculum and instruction and examines contemporary global national state and local challenges facing educational leaders This book focuses on the intersection of research theory and practice The Oxford Handbook of Assessment Policy and Practice in Music Education, Volume 1

Timothy S. Brophy, 2019-01-02 In the music classroom instructors who hope to receive aid are required to provide data on their classroom programs Due to the lack of reliable valid large scale assessments of student achievement in music however music educators in schools that accept funds face a considerable challenge in finding a way to measure student learning in their classrooms From Australia to Taiwan to the Netherlands music teachers experience similar struggles in the quest for a definitive assessment resource that can be used by both music educators and researchers In this two volume Handbook contributors from across the globe come together to provide an authority on the assessment measurement and evaluation of student learning in music The Handbook s first volume emphasizes international and theoretical perspectives on music education assessment in the major world regions This volume also looks at technical aspects of measurement in music and outlines situations where theoretical foundations can be applied to the development of tests in music The Handbook s second volume offers a series of practical and US focused approaches to music education assessment Chapters address assessment in different types of US classrooms how to assess specific skills or requirements and how assessment can be used in tertiary and music teacher education classrooms Together both volumes of The Oxford Handbook of Assessment in Music Education pave the way forward for music educators and researchers in the field **The**

Mismeasure of Education Jim Horn, Denise Wilburn, 2013-07-01 With new student assessments and teacher evaluation schemes in the planning or early implementation phases this book takes a step back to examine the ideological and historical grounding potential benefits scholarly evidence and ethical basis for the new generation of test based accountability measures After providing the political and cultural contexts for the rise of the testing accountability movement in the 1960s that culminated almost forty years later in No Child Left Behind and Race to the Top this book then moves on to provide a policy history and social policy analysis of value added testing in Tennessee that is framed around questions of power relations winners and losers In examining the issues and exercise of power that are sustained in the long standing policy of standardized testing in schools this work provides a big picture perspective on assessment practices over time in the U S by examining the rise of value added assessment in Tennessee a fine grained and contemporary case is provided within that larger context The last half of the book provides a detailed survey of the research based critiques of value added

methodology while detailing an aggressive marketing campaign to make value added modeling VAM a central component of reform strategies following NCLB The last chapter and epilogue place the continuation of test based accountability practices within the context of an emerging pushback against privatization high stakes testing and other education reforms This book will be useful to a wide audience including teachers parents school leaders policymakers researchers and students of educational history policy and politics OECD Reviews of Evaluation and Assessment in Education: Netherlands 2014

Nusche Deborah, Braun Henry, Halász Gábor, Santiago Paulo, 2014-07-15 This review report for the Netherlands provides from an international perspective an independent analysis of major issues facing the Dutch evaluation and assessment framework in education current policy initiatives and possible future approaches **Making Your Doctoral Research Project**

Ambitious Nadia Siddiqui, Stephen Gorard, 2022-04-25 This book presents the doctoral dissertation process as not just a way of getting a qualification or even a method of learning how to do research better but as a substantial and significant piece of research in its own right The book will inspire current and prospective PhD scholars to take up ambitious and large scale study projects dedicating this most important time to a worthy piece of research This edited collection provides real and outstanding examples of multiple research design methodologies which will allow doctoral researchers to develop a wide set of research skills leading to the development of a high quality academic thesis from which peer reviewed research papers and books can emerge Each main chapter presents the summary of a doctoral thesis followed by focused aspects from the projects where the contributors highlight the development of a research design the process involved in executing the design and present selected findings with their implications Each chapter concludes with the researchers experiences of learning through this journey and the implications of the process for the development of the discipline and their own career Ideal reading for doctoral students and supervisors this book is a source of encouragement and motivation for new researchers seeking to challenge general perceptions in the social sciences that PhD or other doctoral research projects must be small scale rather trivial studies but can instead produce robust findings that have real world implications An Evaluation of the
