within minutes accomplishing a feat of stealth technology that would not be repeated for half a century And then shortly after its stunning success the Hunley vanished This book is an extraordinary true story peopled with a fascinating cast of characters including Horace Hunley himself the Union officers and crew who went down with the Housatonic P T Barnum who offered 100 000 for its recovery and novelist Clive Cussler who spearheaded the mission that finally succeeded in finding the Hunley The drama of salvaging the sub is only the prelude to a page turning account of how scientists unsealed this archaeological treasure chest and discovered the inner workings of a submarine more technologically advanced than anyone expected as well as numerous priceless artifacts Hicks and Kropf have crafted a spellbinding adventure story that spans over a century of American history Dramatically told filled with historical details and contemporary color illustrated with breathtaking original photographs Raising the Hunley is one of the most fascinating Civil War books to appear in years
