Ford,2021-09-09 One pervasive educational issue is the national underrepresentation of Black and Hispanic students in gifted education Virtually every school district is grappling with

having too few students from these groups identified as gifted and served in gifted classes and programs Recruiting and Retaining Culturally Different Students in Gifted Education addresses this long standing national problem through the dual lens of recruitment and retention The focus is on how to equitably recruit screen refer and or assess culturally different students and just as importantly to retain them Recruitment and retention require providing academic cultural and social supports to culturally different students and ensuring that educators are willing and able to address issues and barriers No time is better than now to address and correct the underachievement albatross and the focus on recruitment and retention holds the greatest promise Nominated for a 2014 NAACP Image Award in the Outstanding Literary Work Instructional Category
