Needs,Claire Bainbridge,2017-09-11 How can environments play a role in assisting and sustaining personal change in
individuals incarcerated within the criminal justice system Can a failure to address contextual issues reduce or undermine
the effectiveness of clinical intervention Bringing together a range of leading forensic psychologists this book explores and
illustrates inter relationships between interventions and the environment in which they take place This book examines how
the environment can be better utilised to contribute to processes of change and how therapeutic principles and practices can
be more strongly embedded through being applied in supportive facilitative environments In addition it expands on emerging
conceptualisations of how psychological functioning and environmental context are inextricably linked and offers an
alternative to prevailing intrapsychic or essentialist views of areas such as personality and cognition Providing new and
challenging insights and perspectives on issues of central relevance to forensic psychology and related disciplines this book
contributes to the development of innovative and unifying directions for research practice and theory This book will be an
essential resource for those who work with or intend to work with offenders particularly practitioners researchers and
students in the fields of psychology criminology psychiatry psychotherapy and social work *The AALS Directory of Law*
